Library research tips

1. Go to the Menlo library homepage:
<http://library.menloschool.org/index.html>
2. Click on “databases” on the left-hand side.
3. Three databases in particular that I recommend you check out:

a. **Annals of American History**

b. **New York Times Historical Collection**

[see flipside of this sheet for an example of search results >>>]

c. **Gale Databases** >> History Resource Center: US

4. Also highly recommended and available via Dr. Hanson’s APUSH homepage [<http://sun.menloschool.org/~chanson/apush>]:

a. **American Memory from the Library of Congress**

<http://memory.loc.gov/ammem/>

b. Other sites listed under “Finding Primary Sources”
